# WELCOME TO THE LARA COLTURI SUMMER SKI CAMP!

An extraordinary experience for young skiers who want to spend unforgettable moments in the crazy scenery of the Les Deux Alpes glacier.

The camp aims to offer the perfect mix of fun, training and outdoor adventures.

*Really cool*

# LARA

*Behind the scenes*

You will have the unique opportunity to receive valuable advice directly from Lara Colturi's coaches and from Lara herself, the youngest active World Cup athlete, and already among the best.

# TRAIN AND LEARN WITH LARA

*A unique camp*

Immersed in the lively and friendly atmosphere of the camp, girls and boys will have the opportunity to ski together, sharing laughter and excitement on the snow. But it's not all fun: you can train with Lara and her coaches to improve your technique and gain new knowledge.

In addition to ski sessions led by the same coaching team that follows Lara, the camp offers various outdoor activities. From scenic hikes to sporting challenges, there is something for all tastes and abilities. There will also be no shortage of moments to relax and share, including games, movies and more.

# Les Deux Alpes

" Since I was very little, I have always spent the summer in Les Deux Alpes, coached by my parents, who still follow me today.

Here, and with them, I have always found the ideal conditions to grow as an athlete, having fun, between skiing and the many afternoon activities available."
